Hi Chief Girmala -

Any chance you might have any resources for additional enforcement near the Hollywood Sign hotspots this weekend? Given the expected heat as well as the Emmys, it could be extremely busy weekend, which we are seeing already – the attached photos are from Mulholland & Ledge wood from this morning. Any chance West Traffic can send anyone up there today?

Thank you!

Catherine Landers

Julia, please see that David reads this.
 Thank you
 Tony !

A few points as result of the LHHA election/Irani and the Vista.

With only two days of campaigning and having signs and flyers stolen, Sydney Shapiro got 40% of the vote from the average of 33% of total households voting. Had Sydney had 5 weeks of campaigning as we hoped, she would have won, but she was discouraged to run because of the mean spirit of the existing board, those are her words. Irani, I am told at the meeting said, that restoring the Vista was an impossibility, however, I just read an email from Irani admitting to Sydney that Sydney's appeal to the community to restore and fence the Vista received strong resonance. Irani asked Sydney for a plan and financial break down for restoration/fencing, and Sheila cited her research and experience, the same reasons she used while working for LaBonge, and campaigning against you to do nothing with the Vista. This in my opinion is no longer a neighborhood debate, broad support to close the Vista is forming with very little work required gain that in Lake Hollywood. Also presenting a financial plan is not Syd's job.

Support to restore and fence is very strong in the Canyon. Its likely not there from areas outside our community because residents in other areas DO NOT want the same mess we have been handed as a result of NO PLANNING. Planning is the answer as you know. If you now have a bigger meeting folks will come to support restoration and of course there will be dissenters. We all know how much work will be involved, as long term planing requires many pieces and budget, however our current cost of enforcement is a tell tail too. David, this is where the tougher decision must be yours. I know what RAP is planing and will support, Shull is willing to stand up for public safety, and this district needs it whether they appreciate it, or not. Frankly, we here in 3 HOA's will have the loudest voice because we don't want death and fire. We are fed up with the stress and risk to our Dailey public safety, and we recently found out another neighbor has moved, with additional neighbors about to put homes on the market.

This picture below is worth 1000 words. It was taken a few evenings ago at the illegal unfenced Vista, it is very scary. Note the cigarette and open container in this fellows hand. Even worse, this is a renter in the canyon, who posted this photo on his Facebook telling people to enjoy the area. If we depend on group resolution, this reminds us of how that notion can end up, with beer and butts in hand, and fire close by.
